6. Understanding Your Membership Status

6.1 Membership Types

FULL — Regular voting member

ASSOCIATE — Non-voting member

LIFE — Lifetime member, no annual dues

HONORARY — Honorary membership

6.2 Paid Through Year

The **Paid Through** year shows the last year your dues are active:

- **2027**: Active — good through December 31, 2027
- **2026** (current year): Expiring — you'll need to renew for next year
- **2025** (past year): Expired — please renew

6.3 Status Badges

GREEN (Active) — Paid through a future year

YELLOW (Expiring Soon) — Paid through the current year; time to renew

RED (Expired) — Paid through a past year

6.4 Renewing Your Membership

1. Contact the club about renewal and payment
 2. Submit your payment
 3. An administrator updates your **Paid Through** year
 4. You will receive an email confirming the change
-

7. Notifications

The portal sends you automatic emails in two situations.

7.1 Record Change Notifications

Whenever your membership record is saved — by you or by an administrator — you receive an email listing exactly what changed, for example:

Paid Through: 2025 → 2027
Member Type: ASSOCIATE → FULL

If nothing changed, no email is sent.

7.2 Expiration Status Notifications

The system monitors your membership status and sends an email when it changes:

- **Membership expiring soon:** you're paid through the current year and the new year has begun
- **Membership expired:** your paid-through year is now in the past
- **Membership active:** your dues have been updated and your membership is current again

You receive one notification per status change — not repeated reminders for the same status.

7.3 Keeping Your Email Current

To ensure you receive notifications:

- Keep your email address up to date in your profile
- Add the club's sender address to your contacts to avoid spam filtering
- Check your email regularly

7.4 If You Don't Receive a Notification

- Check your spam/junk folder
 - Verify your email address is correct in your profile
 - Contact an administrator if your status changed but you received nothing
-

8. Logging Out

Click **Logout** in the top-right dropdown when you are finished.

Your session automatically expires after 24 hours of inactivity.

9. Frequently Asked Questions

Q: I upgraded my licence and have a new call sign. How do I update it?

Only administrators can change call signs. Contact an administrator with your old and new call signs. Once updated, log in with the new call sign.

Q: Can I change my membership type?

Membership types are set by administrators. Contact the club if you believe yours needs to change.

Q: I moved. How do I update my address?

Log in, update your address fields, and click **Save Changes**.

Q: I never received a welcome email.

Check your spam/junk folder first. If you still don't see it, contact an administrator — they can resend the password reset link.

Q: Why can't I log in?

Common reasons: * Call sign must be entered in UPPERCASE * Verify you're using the correct password * If you recently changed your call sign, use the new one * Try Password Recovery * Contact an administrator if problems persist

Q: Is my information secure?

Yes. Passwords are encrypted with bcrypt and are never visible to administrators. Access to the full member database is restricted to administrators only.

Q: Will I be notified before my membership expires?

Yes. When the new year begins and your paid-through year falls behind, your status changes and you receive an email. This gives you a clear prompt to renew.

Q: I received a record change email but didn't change anything.

An administrator may have updated your record. The email lists exactly what changed — review it and contact an administrator if something looks incorrect.

10. Getting Help

If you need assistance, contact an administrator. Provide:

- Your call sign
- A description of the problem
- Any error messages you received
